

**INDICO ABSTRACT SUBMISSION
INSTRUCTIONS**
TAUP 2017

1 Introduction

Below are the instructions to help you navigate the Indico website while submitting an abstract. If you need assistance, please contact Ken Clark at kclark@snolab.ca or (+1) 705-692-7000 x2244.

2 Website

The Indico website for TAUP 2017 is at <https://indico.cern.ch/e/taup2017>. Click “Login” in the top right corner to access the CERN single sign-on page.

In order to submit an abstract you will have to create an account on the CERN Indico (if you haven’t done so already). To create a new account, fill out the form located here: <https://account.cern.ch/account/Externals/RegisterAccount.aspx>. You will receive a verification email containing a link which must be used to active the account.

3 Abstract Submission

At the bottom of the Indico page (<https://indico.cern.ch/e/taup2017>) is the abstract submission. Next to the text stating “The call for abstracts is open” is a field labeled “Submit new abstract”. This should be clicked.

A new window will pop up in which you can fill out the relevant fields. These are the title, the text of the abstract, the author, and the track, as

The biennial TAUP series covers recent experimental and theoretical developments in astroparticle physics by invited plenary review talks and parallel workshop sessions of invited and contributed presentations. The purpose of TAUP is to bring together theorists and experimentalists working in Astroparticle Physics, to review and discuss the status and prospects of the field. TAUP consists of invited review talks, workshop sessions devoted to specific subjects and poster sessions.

Topics covered by the conference are:

- Cosmology and particle physics
- Dark matter and dark energy
- Neutrino physics and astrophysics
- Gravitational waves
- High-energy astrophysics and cosmic rays

The Conference is sponsored by IUPAP/ApPIC. Attendance is by invitation.
